

Jumpstart Your Oracle Journey: Announcing the ACE Apprentice Level

We're excited to share the launch of the ACE Apprentice level, an important new addition to the Oracle ACE program, announced at Oracle AI World! The ACE Apprentice path welcomes technology professionals and Oracle enthusiasts who are just starting to share their expertise and wish to grow within our global community. It's designed as a supportive roadmap for individuals eager to begin an advocacy journey with Oracle, while the established ACE nomination processes will continue as usual for experienced contributors.

As an ACE Apprentice, you'll gain access to exclusive product overview sessions, mentorship opportunities, online directory listing, dedicated Slack channels with Oracle Product Management, and special training resources to help build your professional profile. This program is ideal for Oracle users at all stages, including students, recent graduates, technical experts new to advocacy, and anyone looking to get more involved with Oracle's vibrant technology ecosystem. If you're ready to take the next step in your Oracle journey, learn more and pre-register at ace.oracle.com/apprentice.
